TELEGRAPHIC SUMMARY.

Gold 137. Stocks lower and closed heavy.

It is said Gen. J. E. Smith did not volunteer any remark to the Reconstruction Committee beyond the proper answer to the question put to him. He said the people of Virginia were anxious for a restoration of the Union; that there was now some impatience among the people that men who had been identified with the rebellion in the South should be prevented from representing the States in Congress; that there was a disposition to treat the freedmen kindly and a hope that the government might be able to do so.

It is rumored in Washington that a treaty has been made between France and Austria for the immediate withdrawal of French troops from Mexico and their replacement by the United States Army.

Gen. Crawford, the flag-bearer of the Union, has been elected to the position of President of the National Union.

On Sheridan reports that every thing is going well in his department.

For one vacancy in the St. Paul Department of the regular army, there are about five hundred applicants.

Citizens of New York and Boston are preparing Congress to donate to the officers and crew of the Kearsarge, which destroyed the Alabama, the sum of \$100,000.

The Marietta and Cincinnati railroads have completed their track from Louisville to Cincinnati.

The railway and harness store of McCollum Brothers, in Cincinnati was burned on the 19th. Loss \$200,000.

Canadian Fenians are protesting against a Convention of Orangemen, called to meet in Ottawa, as calculated to lead to additional strife.

The President yesterday returned to the Senate, where he originated the bill enlarging the powers of the Freedmen's Bureau, with his objections. The veto message is not given, but a correspondent says it is a very elaborate document. He is opposed to the bill in every shape and form, believing many of its features unconstitutional, and says that no such legislation for the South ought to be adopted while the Southern States are unrepresented. He thinks there is too much appointing power conceded to the President. He enters into a full discussion of his reconstruction policy, and thinks the Southern States ought to be admitted.

Gen. Grant has received the order suppressing the Richmond Examiner. It is said the course of that paper in the future will be less free to circulation. Department commanders have been notified to give information with a view to the suppression of newspapers, North or South, which contain sentiments of hostility or hostility to the government.

Rumors are revived that Secretary Heriot is about to resign, and that the Cabinet will soon be reconstituted.

CONGRESS—Monday.—In the Senate, a message from the President, vetoing the Freedmen's Bureau bill, was received and read on the table, but no action was had upon it. Mr. Wilson offered a concurrent resolution to disown and disband the militia of the rebellious States, and read letters from certain officers, stating there was danger if the militia of the rebel States were not disbanded.

Four young men of Evansville, Ind., D. C. Evans, James, John, and John, were arrested at St. Louis, Mo., on the 19th inst., for the purpose of raising a company of volunteers for the purpose of fighting in the rebel army. They were released on \$200 bail.

The Savings Bank at Liberty, Clay county, Mo., was robbed, a few days since, by twelve bushwhackers who entered the town, of \$72,000. Pursuit was made, but the robbers escaped with their booty.

A Cincinnati dispatch says the story stated by the Dayton Journal concerning the drowning of twenty-seven children at Celina, Ohio, turns out to be without foundation.

Carl Schurz has been chosen editor of the Denver Post (now to be named) at a salary of \$5,000 a year.

Capt. Lewis, of the steamer Miami, has been arrested at Memphis on a charge of having killed a man and injured another, in the late explosion. He was placed under bonds of \$50,000.

The steam railroads of Massachusetts have made a return of their operations for the year 1865, from which it appears that they have killed during the twelve months 21 passengers, 26 employees, and 55 outsiders; that persons walking or lying on the track, or crossing the tracks, were killed to the number of 100; and that the total number of persons killed was 176.

The Secretary of the Navy has instructed the commandant of the marine corps to allow the ex-rebel Admiral Sumner to exercise as he may wish in the yard of marine barracks. This morning he was observed walking in the parade ground, accompanied by Lieutenant Cochrane, one of the officers detached to take charge of him. He appeared in excellent health, and is said to be more active and cheerful than his previous appearance would indicate.

W. L. Fleming has published a card stating that he was the "mysterious man in gray" who called upon Senator Wade about a month ago. He says that he called on Senator Wade at the Charleston Navy Yard while the latter was there, and that he was a friend of the late President.

On the 5th inst. the wool growers of Western Pennsylvania, in convention assembled at Pittsburgh, adopted the following:

Resolved, That we have no objection to the passage of a bill for the purpose of providing for the payment of a specific duty of fifteen cents per pound on raw wool, and ten cents on the same when manufactured into yarn or cloth.

It is expected that General Grant will soon lay his hands upon some Kentucky men who are endeavoring to make trouble.

Robert Cary, the father of the protest, Allen and Pritchard, died at his residence, near Cincinnati, on the 11th inst., in the 80th year of his age. He came to Ohio in 1822.

A safe in the railroad office at Birmingham, N. Y., was robbed on the 11th inst. of \$7,000 belonging to the American Express Company. The robbers left untouched a package.

Senator Trumbull had an interview with the President on the 15th, in relation to the Freedmen's Bureau bill; and, though he could obtain no definite statement as to Mr. Johnson's plans, he returned to the impression that the measure would fall to secure the President's signature.

ANTI-MONOPOLY.

The Minnesota Transportation Company.

A Magnificent Chance to Break Down Monopolies.

How Millions of Dollars May be Saved to the State.

We take great pleasure in announcing that the Minnesota Transportation Company, a new company organized for the purpose of forming a new steamboat company in opposition to the monopoly, has so far made the project entrusted to their energy and sagacity, that there is no longer any doubt of its success.

The following is a summary of the speech of the President, a dispatch to the Chicago Times says:

The meeting called for to-morrow to consider the bill for the Freedmen's Bureau, was held at the President's residence, and was attended by a large number of the members of the Senate and House of Representatives.

The bill for the Freedmen's Bureau, which was introduced by Mr. Sumner, was discussed at length, and the President expressed his opinion in favor of the bill.
